## Target “100 Question” of UPSC Preliminary Exam 2019 Most Expected & Probable Questions Test Series (“Read Rvise Recall” Approach)

### 1.GOAL:

The Test Series (TS) and Quality Improvement Programme (QIP) have been designed for improving candidates' learning outcome. The goal is to help candidates:

1. **EVALUATE** what they have studied
2. **LEARN** about their strong and weak areas
3. **REVISE** and **UPDATE** their knowledge
4. Overall, **AUGMENT** their preparation towards the UPSC exam

### 2.REAL SYLLABUS VS APPARENT SYLLABUS

The syllabus of General Studies given by UPSC is only indicative. The actual syllabus of this section is much more and the details can be explored only after combining the syllabus with the previous years' questions to create all the possible DIMENSIONS from which the questions may be asked(Most Expected Questions). The Test Series will help the candidates in framing out the real syllabus of the UPSC exam.

### 3.C3 (CURRENT- CORE- CONCEPT) APPROACH:

By analyzing the latest trend of UPSC, we may find that it is just not asking questions from the news issues/ current issues which are very transient in nature, rather it uses them as the context to explore the core areas of General Studies relevant for a particular year's exam and then it tests the conceptual understanding of the candidates from the same areas. Based on the same philosophy, we have developed our C3 (Current- Core- Concept) approach and designed our test series to help the candidates cover all the issues highly probable for the exam.

### 4.DIFFICULTY LEVEL AND LOGICAL STANDARD:

The difficulty level of the test questions will be exactly that of UPSC. It will not be below that. It will not be way above that either, just to impress the candidates. Focus will not be just on testing the factual clarity. The logical standard of the questions will be high, which is the actual pattern of UPSC.

### “Read Rvise Recall”:

The Test Series has been specifically structured to help students prepare cyclically for the exam. Each cycle gives candidates the chance to improve over the previous one and measure their progress. Each cycle, if treated as a revision cycle, will gradually raise the preparation level of the candidates, giving them multiple revisions of the entire syllabus.
